4

CHARGE THE BATTERY

Charge the Miles board battery by plugging the AC adapter into the port.

● When the battery indicator shows red, the board is charging.

● When the battery indicator turns green, the Miles board is fully charged.

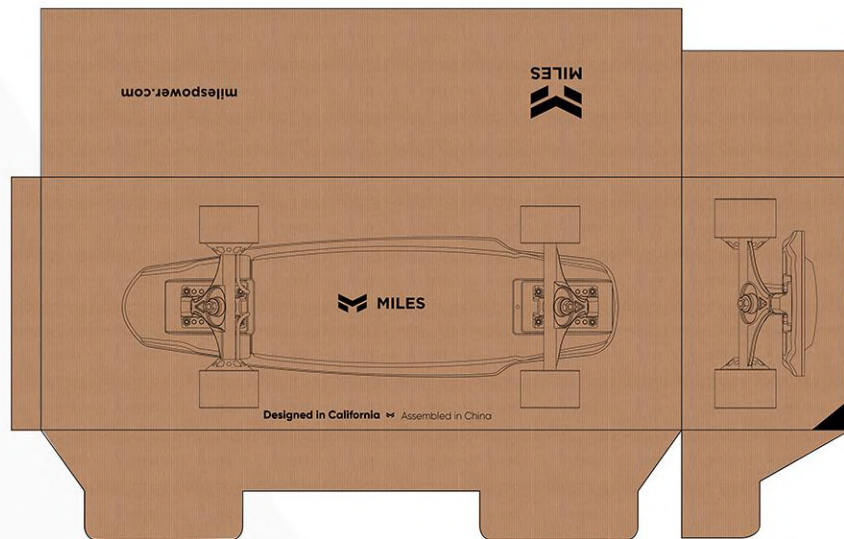

Battery Charging Information

Make sure to examine the supplied charger for damage to the cord, plug, enclosure, and other parts on a regular basis. In the event of such damage, do not charge the skateboard until the charger has been repaired or replaced.
